Twenty three archers with varying bow styles and levels of ability enjoyed an unseasonably warm and pleasant day's shooting on White Mark's newly laid out (and chartered) range.
In fact, we were the first group of archers to shoot the new course.

Paul Davis and Andrew Clark, both from Whiteleaf, had identical scores for both the morning and afternoon rounds and could only be separated by the number of inner kill Xs achieved.
In addition, Mike Parvess, from Spelthorne, achieved a maximum 560 score that included 13 Xs.

Special thanks go to White Mark Bowmen for allowing us to use their range; also to Michael Winn for his assistance before, during and after the shoot.

We hope to see you again next year.

Alan & Sue Crowe.
